

## Play barn Weberstedt

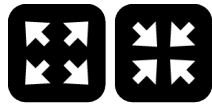

In an old, but beautifully restored agricultural barn, there is today an indoor playground for children and young people up to the age of 12.

On 600 m<sup>2</sup>, distributed over 4 levels, children can play, romp around, climb and perform handicraft work. In addition, there is an approx. 200 m<sup>2</sup> large playing area outdoors. And there is a separate play area for the small ones. And for adults, there is a lot of space where they can enjoy a cup of coffee.
