

Werratal Hiking Bus

By bus through the Werratal

This bus runs all year long, on summer weekends even with a bike rack, from Eisenach to Treffurt and back. Here, the focus for the visitors of the World Heritage Region Wartburg Hainich is put on bicycles, boats and hiking shoes.

You can go to Kreuzburg by bus and climb the castle of the same name or marvel at the historic Werra bridge with the Liborius Chapel. At the Kreuzburg castle, the Quality Hiking Trail “Leine-Werra“ starts. The Ifta Tree Cross is the ideal starting point for walks along the Green Belt. Heldra even offers a premium hiking trail – P6 leads on a 12 km long circular route over the king of the Werratal, the Heldrastein. Furthermore, there you can get to the German Border Trail “Green Belt“. The Normannstein Castle majestically towers above Treffurt with its half-timbered houses. Hiking enthusiasts will reach the trail “Werra-Burgen-Steig“ from here. Cyclists can start the Unstrut-Werra Cycle Path from Treffurt.
