

Germanic Cult Path

National Park Hiking Trail

On the Germanic Cult Path (Germanischer Kultpfad) which is about 2 km long, you can discover 8 pre-Christian sanctums. The primeval forest was also part of the Germanic world.

Starting points for the Cult Path are the parking lots “Zollgarten“ near Kammerforst and “Rüspelsweg“ near Flarchheim. The signposting leads the hiker on a gravelled way until turning into a narrow path which directly leads into the Germanic primeval forest. After having walked approx. 200 m through the beech forest, the Hünenteich with its 8 sanctums is waiting for you.
