

Outdoor swimming pool Kirchheilingen

The outdoor swimming pool for fun & relaxation!

In Kirchheilingen, you will find a pool of 50 x 25 m in which you can go swimming for quite a distance. Afterwards, you can relax on the huge, excellently cultivated lawn for sunbathing which covers an area of 10,000 m².

A quiet place at the edge of the village, framed by trees and with its own large parking lot – here, swimming is just as much fun as in a “waterpark”. An extra paddling pool for the young visitors with a swimming polar bear and a slide in the large pool – there is nothing left to be desired. One of its largest advantages is the solar heating which keeps the water temperature at bathing temperature even if the weather is not that fine. Gastronomical services are also perfectly provided for.
