

Outdoor swimming pool “Dr. Ernst Wiedemann“ Mihla

In beautiful surroundings, the modern solar-heated outdoor swimming pool of Mihla is directly located at the Werratal Cycle Path. It offers the perfect setting for outdoor recreation for young and old alike.

After a construction period of six years, the outdoor swimming pool in Mihla was opened in the year 1973. After 25 years of operation, it was extensively renovated from the middle to the end of the 1990s. Today, you will find on the premises a solar-heated stainless steel pool with separated swimmer and non-swimmer areas, a 3-metre diving platform, massage jets, a water fountain and a gargoyles. For the youngest children, there is a paddling pool with a slide and water sprayers.

The premises of the outdoor swimming pool include a camping site with grill, illuminated sitting areas as well as some caravan parking spaces.
