

Thüringentherme Mühlhausen

A visit to the Thüringentherme Hot Springs in Mühlhausen is an enjoyable outing for the whole family. In five different pools water-based activities such as wave machines and giant slides provide hours of fun.

Forget your everyday cares, enjoy the tranquility, relax completely - nowhere is this easier than in the sauna area of the Thüringentherme Hot Springs in Mühlhausen. These were the first baths in Thuringia to be awarded the distinction "premium sauna". Whilst you relax, the others can enjoy themselves. In the sports pool waves buffet visitors through crystal-clear water, and the 75-metre slide is something for the truly bold. There is something for everyone on this 8,000-square-metre site.
